

Engage.

Achieve!

# Green Calendar

01

**Create a communication plan (Establish goals, and design a logo)**

Be sure you are communicating with staff, and students. Use school website/social media.

02

**Start a recycling program**

Already have one? Great! Raise awareness.

03

**Focus on Energy Conservation**

Start a "shut it off campaign."

04

**Do building walkthroughs and meet with facility staff**

Take actual measurements and compare to benchmarks.

05

**Establish a system for measuring and reporting results**

EOU provides the school district quarterly reports, be involved with the results.

06

**Work on Energy Management Sustainability Plan**

Review provided information for starting point.

07

**Receive hands-on experience with an energy bike**

Did you know you can rent an energy bike? This is a great way to get hands-on experience.

08

**Review Accomplishments**

Time to revisit your results, and review your goals.

09

**Present Results**

Schedule meeting with board. Have students present accomplishments.

**Visit the OEP website for professional development opportunities.**
