

Ontario Local Schools

House Bill 153 Design-Build Project (2018)

- 2 Buildings (331,721 sq.ft.)

CASE STUDY

PROJECT SCOPE

- Replace all of the district's lighting systems with LED lights
- The LED Energy savings will offset the costs of having a fully air-conditioned gymnasium at the high school
- Replace Ontario High School's domestic hot water, boilers, and chillers with more energy efficient equipment
- Replace Stingel Elementary School's domestic hot water, boilers, and chillers with more energy efficient equipment
- Replace the Middle School's domestic hot water and boilers with more energy efficiency equipment

PROJECT COST

\$1,900,000

ANNUAL SAVINGS

\$72,000

"In our district, we strive to ensure we are making the best use of taxpayer dollars. Investing in more energy efficient solutions that will reduce our utility bills and channel more dollars into our classrooms is a win for our students and our taxpayers."

- Lisa Carmichael, Superintendent

Energy Optimizers, USA

EXPERTS IN ENERGY COST SAVINGS

Energy Optimizers, USA has saved its customers more than \$2.5 million in energy costs annually. We will provide on-site reviews of HVAC & lighting systems, a financial analysis of each opportunity, a comprehensive utility bill analysis, & identify potential funding mechanisms.

Experienced

We have implemented more than \$102 million of energy savings projects since 2009.

Honest

We guarantee our prices & have never had a single change order.

Vendor Neutral

We utilize products & service providers that make the most sense for you, not for us.

Energy Optimizers, USA, LLC is a vendor neutral, full-service, energy efficiency & conservation company which specializes in assisting K-12 school districts & local government agencies to reduce energy usages and costs.
