- Improve Interior & Exterior Lighting (All LED)
- Solar Rooftop PV System at High School
- Upgrade Controls
- Replace Condensing Boiler at High School
- Install Variable Frequency Drivers
- Install Programmable Thermostats
- Upgrade Block Heater Controls for Bus Terminals

PROJECT COST

\$996,130

ANNUAL SAVINGS

\$76,128

Electrical, natural gas, and maintenance savings

"We are building for the future by making smarter use of our energy and our operational dollars. We will reduce our energy use and cut our utility bills, all without cost to our local taxpayers. The money we save will go right back into serving our students. That's a win for our community all the way around."

- Ron Kinmon, Director of Student Services

Energy Optimizers, USA

EXPERTS IN ENERGY COST SAVINGS

Energy Optimizers, USA has saved its customers more than \$2.5 million in energy costs annually. We will provide on-site reviews of HVAC and lighting systems, a financial analysis of each opportunity, a comprehensive utility bill analysis, and identify potential funding mechanisms.

Experienced

We have implemented more than \$102 million of energy savings projects since 2009.

Honest

We guarantee our prices and have never had a single change order.

Vendor Neutral

We utilize products and service providers that make the most sense for you, not for us.

Energy Optimizers, USA, LLC is a vendor neutral, full-service, energy efficiency & conservation company which specializes in assisting K-12 school districts & local government agencies to reduce energy usages and costs.
